

DESK is intended to offer adult learners an opportunity to engage in an innovative and refreshing learning environment through

improving their digital skills, and being introduced to Augmented Reality technology

An Adult Digital Education Skills Kit to Foster Employability
N° 2018-1-EL01-KA204-047819

Welcome to the 5th newsletter of DESK project!

In this issue we would like to introduce you to the DESK Toolkit and its innovative learning structure.

You can also find out what has been done so far regarding the project implementation and details about the next steps that are planned for the last months of DESK project.

Thank you for showing interest in this project. Make sure to recommend our platform and contents to your students, colleagues and friends.

Keep on reading to know more about the platform!

The DESK Toolkit includes all the educational resources developed under the five IOs that adult trainers and learners have the opportunity to use.

- ✓ IO1: State of the Art Review on Education Using Augmented Reality
- ✓ IO2: Summary of the Questionnaire
- ✓ IO2: Adult Digital Education Skills Kit (DESK) Curriculum
- ✓ IO3: Case-Studies of AR for Adult Education
- ✓ IO4: DESK lms
- ✓ IO5: Online Guide for Using DESK Toolkit

Trainers can choose the training “path” based on the previous knowledge and experience of their trainees. Advanced users can have direct access to the DESK repository to explore all the materials and create a learning path. To support basic users a framework has been developed with proposed pathways for them.

The Course

All Available languages are:

DESK lms is a free Moodle platform created by the consortium, intended for all European adult trainers and learners wishing to improve or enhance their digital skills.

The seven modules are aimed at improving the learners' skills to successfully use tools of ICTs, and networking services to access, retrieve, create, edit, integrate, share and evaluate information.

Learners will be able to succeed in 68 hours, 48h theory and 20h practice, and to assess their progress

NEXT STEPS

Organization of national multiplier events

Testing of the e-learning platform content

Preparation for the development of the final report of DESK project

If you want to take part on any of the events or test the platform, contact us!
