

EUROPEAN DEVELOPMENT AGENCY - EUDA

BUSINESS BROCHURE

DESIGN AND
BUILD YOUR
PROJECT WITH
EUDA

EUDA: LOCAL IDEAS, EUROPEAN IDEALS.

BRING EUROPEAN OPPORTUNITIES HOME

European Development Agency EUDA is a Prague-based private company specialised in European funding programs. EUDA offers tailored consultancy and project management services.

HOME

EUDA operates at European level: European Union Member States, Eastern Partnership and Western Balkan countries. EUDA facilitates cooperation between public and private, respectively non- and for-profit entities. The projects coordinated by EUDA connect distinct organisations from diverse regions. Thus, EUDA provides transnational, inclusive services that respect the needs of all stakeholders.

The ultimate aim of EUDA is to make Europe **HOME** to innovation, equality of opportunities, and constant development for all.

FROM IDEA TO IMPLEMENTATION

FOUNDATION

EUDA can assist your organisation with project creation, implementation, and evaluation. We manage the projects throughout all stages with the greatest attention and professionalism. Regular quality checks and constant consultations with the clients and partners are conducted to guarantee a successful project to the benefit of all parties.

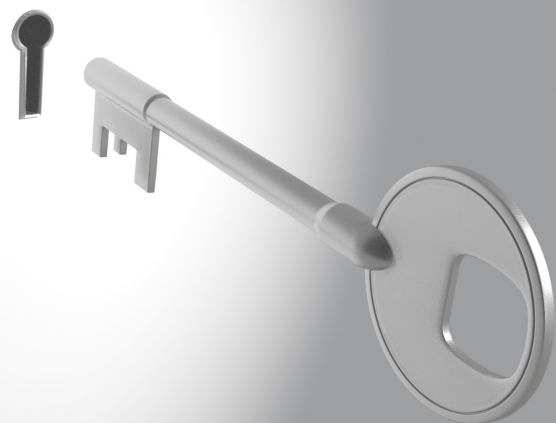

EUDA creates a strong FOUNDATION for your projects and keeps building with you.

KEY

EUDA's mission is to unlock potential. To do so, we have been upholding key values:

- **professionalism**...because a key must be well-made to work
- **reliability**...because a key must be available when needed
- **durability**...because a key must repeatedly give you access to what you aim for

EUDA can be the KEY to your project's success.

IT IS A TEAM EFFORT

ARCHITECTS

EUDA team is well versed in international cooperation and experienced in creating, managing, and implementing projects within programmes like Erasmus+, Europe for Citizens, Visegrad Fund, Interreg Europe, and national Operational Programmes within European Structural and Investment Funds. We are committed to your project, proficient in English, receptive, and easily reachable.

EUDA employees are ready to be the ARCHITECTS of your dream project.

BUILDING NEW PARTNERSHIPS

WINDOWS

Being timely informed about sources of funding is the first step in successful project-making. With impressive volumes of information being constantly produced, staying knowledgeable of the opportunities matching your organisation's priorities is time-consuming, even overwhelming. EUDA can provide you customised newsletters and targeted updates.

EUDA opens new WINDOWS of opportunities by informing you about relevant calls and available funding opportunities.

DOORS

EUDA is committed to aggregate efforts and joint successes. Just like the European Union being stronger together, EUDA thrives if its partners and clients thrive. As strong partnerships are the precondition of most projects, EUDA can both lead and join other visionary entities to build strong partnerships.

EUDA opens DOORS to new partners and connects them with your organisation.

WHAT WE BUILT SO FAR

ABOUT EUDA

Since 2008, EUDA brought more than €40 mil to its clients. EUDA has offices in the Czech Republic, Estonia, North Macedonia, and Spain. Its network of partners and clients reaches across Europe.

EUDA expertise covers a wide range of topics: youth, adult, and higher education; VET; employment; social inclusion; social and technological innovation; sustainable, urban, and regional development.

OTHERS ABOUT EUDA

"Monthly summaries of available grant opportunities provided by EUDA contribute to active discussions on the possibilities of implementing various projects in Prague 4 district. We appreciate the clarity of the elaborated information."

Lubor Kos, Coordinator of EU grants at Prague 4 Municipality

"I value EUDA's professionalism, ability to articulate precisely elaborated projects and its unique network of international contacts. Since 2009, we have implemented several Czech and international projects valued at more than CZK 23 mil. Thanks to EUDA, we became a leading organization in the field of pre-school care in the country."

Jan Schneider, Director of Medical Centre of Prague 4

"The project which EUDA offered us was so remarkable that we embarked on, even without prior experience in any form of project management. Thanks to EUDA, we got in contact with very interesting foreign organizations and had the opportunity to represent the Czech Republic at the festival of traditional games and sports in Narni, Italy."

Milan Babuka, Director of Association of European Martial Arts, Kladno
